Fayyaz Fatehali	Maintenance Liaison
Danielle Gibbons	Secretary
Brent Chadwick	Member-at-Large
Wendy Zhong	Member-at-Large

REGRETS

Alana Prociuk	Landscape Liaison

CALL TO ORDER

Meeting was called to order by the Strata Chair at 6:33 p.m.

STANDING BUSINESS

1. **Approval of meeting agenda**: The agenda for the meeting was circulated and reviewed. The agenda was approved as presented.
2. **Approval of previous meeting minutes** (July 2026): The minutes from the previous meeting were reviewed and approved. Confirmation that June 2026 minutes were posted to the Strata website.
3. **Finance updates:** Stephanie provided the following updates:
    a. Monthly financial statement including budget to actuals report was circulated and reviewed by council.
    b. A draft 2026-2027 budget was circulated and reviewed by council. The draft budget will be updated with the remaining 2025-2026 expenses before being readied for the upcoming AGM.
4. **Landscaping updates**:
    a. Alana received references for Meridian Landscaping, and council approved proceeding with Meridian Landscaping, virtually, on July 19, 2026.

PREVIOUS BUSINESS

5. **Building maintenance:**
    a. The stair landing at 9069 Moorside was inspected by Essential Restoration who determined the wood is rotten. A quote was provided by Essential Restoration. Council reviewed and approved the quote.

6. **Vehicle bridge repair**:
    a. Danielle confirmed a Notice of Claim against Metrogold Building Corporation (Metrogold) was filed in New Westminster Provincial (Small Claims) Court on July 14, 2026. Two attempts to serve the Notice of Claim via Canada Post registered mail at Metrogold's registered and records office were unsuccessful. On August 7, 2026 Council approved, virtually, proceeding with a process server from West Coast Title Search (WCTS) for personal service of the Notice of Claim on Metrogold. On August 17, 2026, a process server at WCTS confirmed Metrogold c/o Director Chun Tung Cornox Tang was personally served the Notice of Claim documents at 2:47 p.m., by handing the documents to Chun Tung Cornox Tang. WCTS advised they would provide a Certificate of Service filed in New Westminster Provincial (Small Claims) Court in due course. Danielle advised that Metrogold has 14 days from the date of service to deliver their filed Reply to the claim.
    b. Derek and Stephanie met virtually with the Engineers and Geoscientists BC (EGBC) investigator on August 7, 2026, at which time the EGBC requested subsequent information and documents. Derek and Stephanie reviewed email correspondence to provide all invoices, evidence of interactions and the intertwining relationship between Contech Engineering Inc. (Contech) and Metrogold. The EGBC investigator also requested documentation of the notice provided to Contech to remove their equipment from Strata property. The EGBC investigator advised they have not received any response or documentation from Contech to date, but that Contech has until September to reply and give evidence. Strata will be contacted by the end of the year once a reply has been received. The EGBC investigator also advised they do not hold authority to require Contech to remove photos and references of the building project from Contech's website, however, it can be something to consider as part of the resolution of the investigation.
    c. Derek will follow up on a requested quote for an additional engineering review for the vehicle bridge in response to the Strata Engineering Ltd report.

7. **Electrical planning report follow-up**:
    a. Stephanie started the application with BC Hydro to request they look at the strata's units and potentially upgrading the electrical load. BC Hydro advised they require a load calculation provided by a licensed electrician. Stephanie will request the load calculation from Flash-Tech Electric. BC Hydro will then determine the cost of a potential upgrade; however, Strata will be responsible for the full cost of the upgrade. The BC Hydro application is on hold pending the load calculation.
    b. The City of Burnaby referred Stephanie to VT Engineering Inc. to consider alternative power sharing options. VT Engineering proposed installing a device in each of Strata's electrical rooms that would act as an electrical manager. VT Engineering will deliver a proposal for the cost of i) electrical rooms device option; and ii) a personal device option for any unit that wants to manage their own electrical load. Council will need to confirm if this alternative is approved by the City of Burnaby.

8. **Door replacement:** Council will provide owners with a summary of the legal memorandum prepared by Hamilton & Company, that explained any changes made to Strata Bylaws to relieve an owner from contributing to a strata-wide project (building envelope) after completing their own upgrades would contravene the *Strata Property Act*. While upgrades can be approved by Strata for an individual owner, the owner will potentially pay twice for the same

upgrade if/when the Strata proceeds with a complex-wide upgrade. Council to explore a solution for painting the doors if owners do not proceed with relacing the doors (independently) in the next year. Stephanie will obtain an updated quote (for door replacements) to present at the AGM.

9. **Pressure washing:** Rescheduled for August 24-26, 2026.
10. **Stair cleaning/sealing:** Deferred to the 2026-2027 fiscal year.
11. **Sign replacement:** A quote from Go4Prints and Quarterhorse were received for complex sign replacement, including like-for-like and/or different size and style options. Stephanie will request a quote for signs similar in style and size to those recently installed at Ashbrook Place. The sign replacement project will be deferred to the 2026-2027 budget.
12. **Driveway repairs:** A quote from Four Brothers Construction and Burnaby Blacktop were received to repair the concrete driveways at 9073 and 9088 Moorside Place and sidewalk at 9259 Braemoor. The quote from Four Brothers was not comparable as it included repairs to the driveway at 9088 Moorside, instead of a replacement, and did not include replacing the sidewalk at 9259 Braemoor. Brent will request an updated quote from Four Brothers.
13. **AGM preparation:** The meeting space at St. Stephen's Church for the AGM has been booked for October 24, 2026, from 1:00 – 4:00 p.m. Derek requested confirmation from current council members of their intention to remain or step down from council for the 2026-2027 year.

NEW BUSINESS

14. **Dryer vents:** Derek will include a reminder in Strata's monthly email to owners to clean their dryer vents.

ADJOURNMENT

There being no further business, the meeting was adjourned at 7:42 p.m.

The next Strata meeting is tentatively scheduled for September 24, 2026 at 6:00 p.m.
